SUMMARY

Computer Science graduate with a minor in Statistics and Data Science with experience in data analytics and modern web development. Focused on building user-centered software and interfaces.

SKILLS

- **Programming:** Python, JavaScript, TypeScript, Java, HTML/CSS
- **Frontend & UI/UX:** React.js, React Native, Next.js, Tailwind CSS, Vite.js, Figma, Visual Design
- **Tools:** Git, GitHub, Vercel, Canva, Google Workspace, Microsoft Office, LLM tools (Claude, Google Gemini, OpenAI ChatGPT, Cursor, GitHub Copilot), Firebase, Firestore (NoSQL)
- **Data & Analytics:** SQL, database design, Google Sheets, Excel, Pandas, Jupyter Notebook
- **Product & Business:** Digital product design, e-commerce, SEO, market research, product listing optimization, keyword optimization, sales, business operations

EXPERIENCE

Product & UI Designer • Develop for Good • Remote May 2026 - Present

Digital Product Designer & Business Owner • Remote February 2025 - Present

- Published a catalog of 60+ digital products designed in Canva and Google Sheets to develop business operations, branding, and sales strategy experience.
- Conducted market research across 1,000+ items to identify market gaps and customer demands.
- Crafted promotional materials and SEO-optimized product listings, driving 1100+ store visits, 25+ sales, 100+ item favorites and multiple 5-star reviews.

Teaching Assistant • Loyola Marymount University • Los Angeles, CA January - May 2024

- Tutored students in an advanced Computer Science class using established course resources, improving homework completion rates, concept knowledge, and coding skills.

Data Challenge Analytics Apprentice • Meta • Remote April - September 2022

Selected as 1 of 86 undergraduates for a competitive apprenticeship focused on SQL and analytics.

- Analyzed an 8,000+ row streaming dataset in Google Sheets & Python to identify content trends.
- Presented a detailed product pitch with data-driven recommendations for a new streaming platform to Meta Data Scientists and Engineers.

Computer Science Summer Institute Student • Google • Remote July - August 2022

Completed a competitive 4-week mentorship focused on JavaScript processing and creative coding, taught by Google Engineers and Loyola Marymount University faculty.

- Developed 12 creative Javascript projects, gaining hands-on knowledge of coding fundamentals.
- Presented a multi-functional collaborative Javascript project to Google Engineers, integrating Text-to-Speech, and Teachable Machine APIs

EDUCATION

B.S. in Computer Science, Minor in Statistics and Data Science August 2021 - May 2024

Loyola Marymount University • Los Angeles, CA

- Dean's List, Graduated with Distinction - Cum Laude
